How do you stay connected?

# Show the World Who you are: Express Yourself

Fur hats are  
how Jepson  
Jaguars stay  
warm.

Express your  
personal style  
with a simple  
scarf or a  
colorful hat.

Fashionable footwear is a must. Try Uggs, Converse, sandals, or boots to make a simple outfit fun and fabulous.

Have fun matching your shirt, shoes, and backpack. Go Plaid!

Rock a colorful but casual hoodie, sweater or jacket to complete your look.

Nothing expresses your individual style like accessories. A few bracelets can make a statement about who you are.

A stylish flower or colorful bow is a fun addition to any outfit.

# BE A BUDDY NOT A BULLY!

At Jepson we pledge to be bully free!

Make friends!  
Get involved!  
Play fair!  
Be there!

Bully Free

TWO  
THOUSAND TEN/ELEVEN  
WORLD/YEARBOOK

# /THE WORLD AROUND US

## IN RECOVERY

As the economy showed signs of recovery from the worst recession most Americans had ever known, President Barack Obama's satisfaction ratings also became more positive.

**43%**

OF TEENS WERE  
BULLIED ONLINE.

**1 OUT OF 4**  
TEENS  
REPORTED BEING BULLIED.

## CYBER-BULLYING

Bullying didn't always happen at school or even in person. Some of the most vicious attacks happened over the internet on social networking sites or via instant messages. Many worried that internet bullying was becoming more prominent because of the relative anonymity afforded by phantom screen names.

(clockwise from top left)

**NEW HOMEOWNERS REJOICE** First-time home buyers received tax credits of up to \$8,000 when Congress passed a bill intended to revitalize a struggling housing market. The early summer deadline was later extended to serve those buyers whose closings were delayed due to the number of loans being processed.

**WAR IS OVER** In late August, President Obama announced that Operation Iraqi Freedom had officially ended. While the last combat brigade had already vacated, some U.S. troops remained in Iraq through year's end to help with training new Iraqi military forces.

**HEALTH-CARE REFORM** The Affordable Care Act was signed into effect in March 2010, with the hope of enhancing accessibility and quality of health care for all Americans. Prospects for a potential repeal continued for months.

**PAYROLL TAX CUT** Aimed at stimulating the economy by increasing take-home pay, these cuts saved workers earning \$50,000 an estimated \$1,000. Some opponents worried about the decrease the cuts would cause in Social Security funding.

## A REAL ISSUE:

Though bullies had been feared in schools and neighborhoods for centuries, the changing landscape of peer teasing and torture took several visible turns in recent years.

In the past, intimidation and verbal or physical abuse may have been most common forms of bullying. Another form of bullying, social alienation, became more powerful as a result of cyber bullying, where a victim's reputation may have been destroyed via emails, blogs, forum posts or text messages.

After what seemed to be an increase in teen and tween suicides due to bullying, many schools, communities and other organizations moved to provide programs and information for affected students and their parents/teachers.

# BULLYING

## ITGETSBETTER.ORG

This movement, inspiring nearly 10,000 user-created videos and more than 30 million views, was started in 2010 by author Dan Savage. Among the celebrities, politicians and businesses submitting videos were President Obama, Hillary Clinton and employees of both Facebook and Google. It was a place where people could share their stories, take the It Gets Better Project pledge and watch videos of love and support.

## NATIONAL SUICIDE PREVENTION LIFELINE

By calling 1-800-273-TALK, anyone feeling the extreme effects of bullying could get the support they might need from trained volunteers who were ready to help.

## CARTOON NETWORK'S 'STOP BULLYING, SPEAK UP' CAMPAIGN

Kid-centric television channels such as Cartoon Network stepped up to the plate in the fight against bullying. They launched their own campaign to encourage kids to speak up and to ultimately get their schools involved in anti-bullying programs.

## THE TREVOR PROJECT AND LIFELINE

The Trevor Project was established to end suicide among young people by providing life-saving and life-affirming resources including a nationwide, 24/7 crisis intervention lifeline (1-866-4-U-TREVOR), digital community and advocacy/educational programs that created a safe, supportive and positive environment for everyone.

#### VIDEO PROOF

After the miners gave their loved ones a sense of relief by showing all 33 men alive and accounted for, they used videos to chat with their families.

#### BOUNCING BACK

Arizona congresswoman Gabrielle Giffords made record strides in her recovery after a gunshot wound to the head during a Tucson shooting in January that killed six others. Giffords was critically injured, but surpassed expectations in the months following the shooting.

#### JOINING FORCES

When Britain's 2010 election ended in a hung Parliament, the two winning rival Prime Minister candidates (David Cameron, a Conservative, and Nick Clegg, a Liberal Democrat) agreed to join forces and form a coalition government, the U.K.'s first in more than 30 years.

#### FLAWLESS RESCUE

Televised efforts allowed the world to look on as Chilean miners trapped underground for nearly 10 weeks by a mining accident returned to safety in October. It took just 22 hours and 37 minutes for all 33 miners to travel nearly half a mile to the surface.

#### EGYPTIAN OVERTHROW

President Hosni Mubarak's 30-year reign over Egypt ended in February when huge protests encouraged him to step down.

#### A ROYAL ENGAGEMENT

Prince William and his long-time girlfriend, Kate Middleton, scheduled an April 29 wedding after a much-discussed engagement.

#### LOSS OF POLISH PRESIDENT

Lech Kaczyński, his wife and 94 others died in April 2010 when their plane crashed in Russia. Thick fog was cited as the accident's cause.

#### WIKILEAKS SAGA

Julian Assange, a main spokesperson for the international non-profit that published classified news leaks, was named Readers' Choice for TIME's 2010 Person of the Year.

#### SUPREME COURT

Elena Kagan, formerly the Dean of Harvard Law, was sworn in as the Court's newest Justice in August. She replaced 90-year-old Justice John Paul Stevens.

#### MOSQUE UNREST

After hearing of plans to build a Muslim community center within blocks of Ground Zero, protesters crowded the streets.

#### NEW SPEAKER OF THE HOUSE

## VOLCANIC ASH

European air travel was severely disrupted when Eyjafjallajökull, an Icelandic volcano, erupted through the summer months producing a dense, enormous ash cloud.

## EGG RECALL

Nearly half a billion eggs were recalled from nearly 20 states after a salmonella outbreak sickened thousands. All of the eggs came from a single egg-producing company in Iowa.

# /OIL SPILL IN THE GULF

## BRITISH PETROLEUM

CEO Tony Hayward testified before the House Energy and Commerce Oversight and Investigations Subcommittee. Hayward resigned from his post on July 27, 2010.

## 205 MILLION GALLONS

The amount of crude oil that spilled into the Gulf of Mexico made this the world's largest accidental oil spill in history. After five months, the well was declared 'effectively dead.'

## THE PEOPLE SPEAK

BP station boycotts and anti-BP social media groups as well as traditional protests, like this one in Vienna, Austria, allowed people to make their feelings about the oil spill known.

## BOUND TO HAPPEN

The follow-up report by the National Commission on the BP Deepwater Horizon Oil Spill and Offshore Drilling said 'systemic' problems caused the blowout/oil spill and only 'significant reform' could prevent future spills.

## THE STATS

**APRIL 20, 2010**  
BP oil rig Deepwater Horizon exploded in the Gulf of Mexico, killing 11 men and injuring 17 workers. In late April, BP estimated the resulting leak at about 5,000 barrels (210,000 gallons) a day.

## A NEW ESTIMATE

In June, the government produced other figures, estimating that 30,000 - 65,000 barrels (as much as 2.7 million gallons) of crude was pumping into the gulf each day.

## OBAMA SPEAKS

The President addressed the nation after traveling to the gulf to survey the damage made to the Louisiana coastline.

## ORGANIZED CHAOS

For months, controlled burns were conducted at sea to help prevent any further spreading of the oil to the shoreline. Coastline in four states was affected.

## MONEY WHERE THEIR MOUTH IS

BP projected that they had already spent \$2 billion on clean-up efforts by June. The budget tallied \$20 billion over three years.

## LIVE FEED

The nation was able to survey the oil escaping from the leak site via BP's live video feed, assuring the public that the leak would be taken care of.

## HOW TO PROPERLY WASH OIL-COVERED BIRDS

### STEP 1

Gently flush eyes with warm saline solution. Swab oil from nostrils and bill. Remove any oil from stomach with tube.

### STEP 2

Wash oil from body and wings with a dishwashing solution. Make sure to wipe the feathers in the direction they are growing.

### STEP 3

Repeat 3-4 times until oil is completely washed away, then gently towel dry bird. Bird will be ready for release in 2-4 days.

**DEAD SERIOUS** Oil contamination is often deadly for birds if they are not properly washed and cared for. Oil reverses birds' water resistant feathers, making them vulnerable to temperature change. Oily feathers also make it impossible for birds to fly and can even drag them underwater to drown. The oil can also cause internal harm when birds try to preen the oil from their feathers. It can cause kidney, liver and reproductive damage among other things. **CLEANING EFFORTS** Scientists and other volunteers worked on all kinds of wildlife affected by the spill. The processes for cleaning birds, turtles and dolphins varied, as did survivors' chances for recovery. Thousands of birds and dozens of turtles and dolphins perished. **LASTING EFFECTS** In addition to the casualties and the damage to wildlife, there are numerous other long-term effects. Human health issues included increased risk of cancer and other ailments, as well as escalated stress. Two of the region's other major industries (tourism and seafood) were shut down immediately and suffered lasting losses. Louisiana traditionally contributed a third of the nation's shrimp, oysters, crab and crawdads and, despite massive marketing campaigns, hotels and resorts on the gulf shore suffered decreased occupancy throughout the summer.

### STRENGTH IN NUMBERS

By June, 558,000 barrels had been collected from the water's surface and nearly 1,240 miles worth of booms had been set up to prevent oil from reaching the shoreline.

### HELPLESS

While four wildlife rehabilitation centers were established in response to the oil spill, 26 national wildlife sanctuaries were threatened.

### OTHERS JOINED IN

Mexico, Norway, Canada and the Netherlands all donated equipment (such as the water-skimming system on the right) to aid in the clean-up efforts.

### NO LONGER ASEA

It was estimated that more than 125 miles of Louisiana shoreline was contaminated with the washed up crude oil.

### OIL CAPTURE RIG

Discoverer Enterprise, a deepwater drilling vessel, aided in recovering the spilled oil gushing from the leak site after a cap was placed in June.

### JULY 15, 2010

After nearly three months, the leak was finally capped, but not before the effects of the spill could be seen in photos that were taken from space.
